SUB.: QUOTATION FOR SECURITY SERVICES

Dear Sir,

We, Soldier Pro Force Group, are professional trained security and a leading security agency in Gujarat region. We provide our best security service with higher level of safety to our clients. We introduce our selves as a security provider in industries, housing complex, residential township, bank, commercial premises, theaters, hospitals, pilgrimage and many such places.

Our firm is managed by Ex-defence personal and other dedicated professionally trained executives, who are all prepared to accept any challenging job of security arrangement and detective work. We provide total integrated security system which also are well equipped to reduce the probability of mis-happenings. We are proud enough to state that with the adequate staff of above mentioned quality, we are in position to offer our best service to any commercial as well as industrial unit. Our aim is to provide services to your clients with their complete satisfaction. We have number of categories that we provide to our clients as per their needs like - **Security officer, Security Guard, Security Supervisor, Armed Guard (Gun Man) and Lady Security**, whose loyalty, integrity, sincere Character and efficiency are beyond any doubt and the most important is that all are disciplined and trained in security routine, procedure, first aid, fire fighting labour intelligence and confidential enquiries etc.

The best thing about us is that : We have been working in this field since last 15 years. We are very much aware of local issues and problems of this area.

SOLDIER PROFORCE PVT. LTD.

Operation Capabilities

ORGANOGRAM

Supervision

The quality & of on site security supervision determines the quality of personnel & alertness offered by SPF. Our consistent policy of supervision eliminates the deterioration of officers providing an alert and pro-active service found in other security companies. That's why at SPF standard operation procedures (SOP) are used at every site and random supervision inspections are conducted by our seasoned supervisors. SPF supervisor would visit each client location at per specified schedule.

A TRUSTABLE & RELIABLE SECURITY FORCE

OUR VALUES

The mission of Soldier Pro Force is to become the leading provider of quality and professional security and allied services to clients with diverse requirements with a strong commitment to customer services.

To Provide security solutions in line with the actual and specific requirements of the clients. To identify the security needs and workout feasible solutions. To develop mechanisms so that value added services can be provided to the clients.

To develop security protocols to create the security force that can provide rehabilitation and re-employment opportunities to the Ex-Servicemen of the region.

RECRUITMENT PROCESS

The preliminary selection of candidates interested in joining SPF is conducted at the recruitment centers. The screening process involves review of academic qualification and physical quality requirement (QR) in line with the company's recruitment policy. Once selected at the recruitment centers, the prospective candidates reach the nearest located academy where verification of antecedents, medical examination, re-checking of QR and verification of all documents is conducted. Selected candidates are taken into the academy for one-week fully residential training program qualified instructors, following the specially designed modules that are continuously validated and updated conduct training. The training includes both physical and theoretical sessions. There is a periodic evaluation during the entire training period. At the end of the training program there is a qualifying criteria and those who fulfill the same are qualified for deployment through a passing-out parade. The centralized R & T cell at the corporate office distributes the qualified candidates of all academies to different branches as per the business requirements projected by the branches on monthly basis. For the next six months, R&T cell monitors the performance, retention, desertion and other pre-specified parameter of the deployed guards and the data is analyzed by management during business review exercise. The specialized recruitment pattern and the training capabilities at the RT as is the USP of SPF.
